## Learn By Doing!

4-H is a **community** of **young people** across America who are learning **leadership, citizenship and life skills.**

Another summer vacation is quickly coming to an end. Now it is back to the school for the children and teachers. So too, the ongoing task of getting school supplies, uniforms, and the mindset to kick up the learning efforts.. While most children may have taken the mind vacation. Many students still took on the challenge to continue learning and growing. Such students include those 4-H"ers this summer who

participated in 4-H competitions and other county activities. These 4-H"ers took the notion to make the make better as they were learning by doing! Now with other activities to prepare for and the ongoing effort of formal and informal education, children's schedules are sure to be full! Let's be reminded, however, that amidst the busy schedules, priorities, preparation, and planning are still the keys to becoming successful at anything including much.

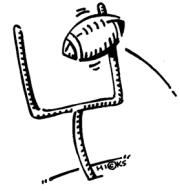

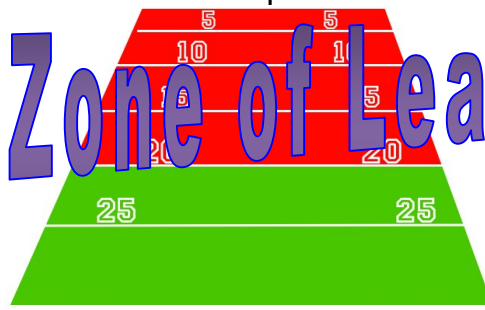

Many thanks to those who support and invest in the Humphreys County 4-H Program!
