MISSISSIPPI COUNTY HEALTH ECONOMIC PROFILES

DATA KEY

Data Acronyms and Abbreviations

ACS — American Community Survey (5-year estimates are used for all ACS variables). Data can be accessed through American FactFinder (<https://factfinder.census.gov>, use the Advanced Search feature).

SAIPE — Small Area Income and Poverty Estimates. <https://www.census.gov/programs-surveys/saipe.html>

BEA — Bureau of Economic Analysis. <https://www.bea.gov/data/by-place-county-metro-local>

EMSI — Proprietary data software company. <https://www.economicmodeling.com>

Total Population, 2018

Data were obtained from the 2018 Population Estimates (Table PEPANNRES).

<https://factfinder.census.gov>

Percent Change in Total Population, 2014-2018

Data were obtained from the 2018 Population Estimates (Table PEPANNRES).

<https://factfinder.census.gov>

Percent of the Population that is Non-white, 2017

Data were obtained from the 2017 American Community Survey 5-year estimates (Table B02001). This table depicts the population at the county, state and nation levels by race.

<https://factfinder.census.gov>

Percent of the Population that is Older than 64 years, 2017

Data were obtained from the 2017 American Community Survey 5-year estimates (Table B01001). This table depicts the population at the county, state and nation levels by age and sex.

<https://factfinder.census.gov>

Percent of the Population in Poverty, 2017 Estimate

Data were obtained from the Model-based Small Area Income & Poverty Estimates (SAIPE) for School Districts, Counties, and States.

<https://www.census.gov/data/datasets/2017/demo/saipe/2017-state-and-county.html>

Percent of the Total Population under 18 in Poverty, 2017

Data were obtained from the Model-based Small Area Income & Poverty Estimates (SAIPE) for School Districts, Counties, and States.

<https://www.census.gov/data/datasets/2017/demo/saipe/2017-state-and-county.html>

Current Median Household Income, 2017

These data were obtained from the Model-based Small Area Income & Poverty Estimates (SAIPE) for School Districts, Counties, and States.

<https://www.census.gov/data/datasets/2017/demo/saipe/2017-state-and-county.html>

Not Covered by Health Insurance, 2017

Data were obtained from the 2017 American Community Survey 5-year estimates (Table S2701). Estimates are of the percentage of persons in the county who were not covered by any type of health insurance.

<https://factfinder.census.gov>

Private Health Insurance Coverage Alone, 2017

Data were obtained from the 2017 American Community Survey 5-year estimates (Table S2701). Estimates are of the percentage of persons in the county who were solely covered by some form of private health insurance.

<https://factfinder.census.gov>

Public Health Insurance Coverage Alone, 2017

Data were obtained from the 2017 American Community Survey 5-year estimates (Table S2701). Estimates are of the percentage of persons in the county who were solely covered by some form of public health insurance.

<https://factfinder.census.gov>

Other Health Insurance Coverage, 2017

Data were obtained from the 2017 American Community Survey 5-year estimates (Table S2701). Estimates are of the percentage of persons in the county who were covered by some combination of private and public health insurance.

<https://factfinder.census.gov>

Per Capita Transfer Payments (Total Govt Payments and Govt Medical Benefits)

These data were obtained from the Bureau of Economic Analysis Local Area Personal Income and Employment Table CA35. They show the values of total government-paid transfer payments and medical transfer payments paid by the government.

<https://www.bea.gov/data/by-place-county-metro-local>

Median Household Income and Per Capita Personal Income

These data were obtained from the Small Area Income and Poverty Estimates and the Bureau of Economic Analysis Personal Income and Employment Table CA1-3. They show the levels of median household income (defined above) and per capita personal income (total personal income divided by the county's population) for the county.

Health Occupations per 100,000 Population, 2018

These estimates were obtained from EMSI. In an effort to ease comparisons of the numbers of occupations for a particular health-related sector in a county or region, the numbers of occupations existing within a county were indexed to a 100,000 population rate. Aggregated sectors are composed of the following:

Physicians/Surgeons (all types)

- Sector 29-1060—Physicians and Surgeons

Registered Nurses/Specialized Nurses/Physician Assistants

- Sector 29-1070—Physician Assistants
- Sector 29-1140—Registered Nurses
- Sector 29-1150—Nurse Anesthetists
- Sector 29-1160—Nurse Midwives
- Sector 29-1170—Nurse Practitioners

Licensed Practical and Vocational Nurses

- Sector 29-2060—Licensed Practical and Licensed Vocational Nurses

Technologists/Technicians (all types)

- Sector 29-2010—Clinical Laboratory Technologists and Technicians
- Sector 29-2030—Diagnostic Related Technologists and Technicians
- Sector 29-2040—Emergency Medical Technicians and Paramedics
- Sector 29-2050—Health Practitioner Support Technologists and Technicians
- Sector 29-2070—Medical Records and Health Information Technicians
- Sector 29-2090—Miscellaneous Health Technologists and Technicians
- Sector 29-9010—Occupational Health and Safety Specialists and Technicians

Nursing/Psychiatric/Home Health Aides

- Sector 31-1010—Nursing, Psychiatric, and Home Health Aides

Other Practitioners

- Sector 29-1010—Chiropractors
- Sector 29-1020—Dentists
- Sector 29-1040—Optometrists
- Sector 29-1050—Pharmacists
- Sector 29-1080—Podiatrists

Other

- Sector 29-1030—Dietitians and Nutritionists
- Sector 29-1120—Therapists
- Sector 29-1190—Miscellaneous Health Diagnosing and Treating Practitioners
- Sector 29-9090—Miscellaneous Health Practitioners and Technical Workers
- Sector 31-2010—Occupational Therapy Assistants and Aides
- Sector 31-2020—Physical Therapy Assistants and Aides

<http://economicmodeling.com>

Top Health and Social Assistance Occupation Sectors, 2018

Estimates were obtained from the Economic Modeling Specialists, Inc., proprietary database. The largest SOC occupation sectors for 2017 were captured for the county. This database also supplied estimates for the average annual earnings per occupation.

<http://economicmodeling.com>

Percentage of Jobs in the Healthcare Sector, 2018

These estimates were obtained from the Economic Modeling Specialists, Inc., proprietary database. The map shows the percentage of total jobs within the county that are directly involved with healthcare. Sectors used as direct healthcare sectors are: Offices of physicians, dentists, and other health practitioners; Home health care services; Medical and diagnostic labs and outpatient and other ambulatory services; Nursing and residential care facilities; Private hospitals; and Public hospitals.

<http://economicmodeling.com>

Economic Impact of Healthcare Sector, 2018 (1st table)

These estimates were calculated using input-output methodologies by the IMPLAN software from labor and earnings data provided by the Economic Modeling Specialists, Inc. proprietary database. They show the total output (all sales), labor income and employment estimates and multipliers for the direct and total economic impact of six economic sectors (Offices of physicians, dentists, and other health practitioners; Home health care services; Medical and diagnostic labs and outpatient and other ambulatory services; Nursing and residential care facilities; Private hospitals; and Public hospitals that used the spending patterns of private hospitals as a proxy).

<http://www.implan.com>

<http://economicmodeling.com>

Economic Impact of Healthcare Sector, 2018 (2nd table)

These are estimates of the total number of jobs and labor income resulting from the presence of the healthcare sector in the county. They were estimated using the IMPLAN software and are a result of the information gleaned from the Economic Impact of Healthcare Sector (1st table) above.

<http://www.implan.com>

<http://economicmodeling.com>

Top Health Employment Sectors, 2018

These estimates were obtained from the Economic Modeling Specialists, Inc., proprietary database. The largest employment NAICS code sectors for 2018 were captured for the county. This database also supplied estimates for the annual earnings per job.

<http://www.implan.com>

Top Health Employment Sectors, 2018

These estimates were obtained from the Economic Modeling Specialists, Inc., proprietary database. The largest employment NAICS code sectors for 2018 were captured for the county. This database also supplied estimates for the annual earnings per job.

<http://economicmodeling.com>

Top Health Occupation Sectors, 2018

These estimates were obtained from the Economic Modeling Specialists, Inc., proprietary database. The largest employment SOC (occupation) code sectors for 2018 were captured for the county. This database also supplied estimates for the average hourly earnings per job.

<http://economicmodeling.com>

Top Health Occupation Sectors, 2018

These estimates were obtained from the Economic Modeling Specialists, Inc., proprietary database. The largest employment SOC (occupation) code sectors for 2018 were captured for the county. This database also supplied estimates for the average hourly earnings per job.
