

**DID YOU
KNOW?**

Drinking too much alcohol increases the risk of health-related injuries, violence, drowning, liver disease, and some types of cancer.

**THE
GOOD
NEWS IS**

Encourage friends or family members to make small changes, like keeping track of their drinking and setting drinking limits.

**MISSISSIPPI STATE UNIVERSITY™
EXTENSION**

ALCOHOL AWARENESS

extension.msstate.edu/health

Mississippi State University is an equal opportunity institution.
