

The SipSafe program, conducted by the Mississippi State University Extension Service and funded by a grant from the Environmental Protection Agency (EPA), is working to reduce lead exposure in children ages birth to 5 years by screening water in qualifying schools and childcare facilities.

## NOXUBEE COUNTY

# 384

children served

^There are ~328 children enrolled in Noxubee County.

# 83

samples taken

# 2.4%

of results over 10ppb\*

Two samples tested over 10ppb.

# 5

facilities sampled

^There are 5 facilities located in Noxubee County.

This data was collected between 2021 and 2023.

\*10ppb is the proposed EPA action level for lead in drinking water.

^Based on January 2024 report of licensed childcare facilities in Mississippi from MSDH.
