

The SipSafe program, conducted by the Mississippi State University Extension Service and funded by a grant from the Environmental Protection Agency (EPA), is working to reduce lead exposure in children ages birth to 5 years by screening water in qualifying schools and childcare facilities.

CLARKE COUNTY

662

children served

^There are ~708 children enrolled in Clarke County.

152

samples taken

4.6%

results over 10ppb*

6

facilities sampled

^There are 6 facilities located in Clarke County.

This data was collected between 2021 and 2025.

*10ppb is the proposed EPA action level for lead in drinking water.

^Based on a July 2025 report of licensed childcare facilities in Mississippi from MSDH.
