

The SipSafe program, conducted by the Mississippi State University Extension Service and funded by a grant from the Environmental Protection Agency (EPA), is working to reduce lead exposure in children ages birth to 5 years by screening water in qualifying schools and childcare facilities.

## KEMPER COUNTY

112  
children served

^There are ~130 children enrolled in Kemper County.

44

samples taken

2.3%

of results over 10ppb\*

One sample tested over 10ppb.

2

facilities sampled

^There are 3 facilities located in Kemper County.

This data was collected between 2021 and 2025.

\*10ppb is the proposed EPA action level for lead in drinking water.

^Based on a July 2025 report of licensed childcare facilities in Mississippi from MSDH.
