

The SipSafe program, conducted by the Mississippi State University Extension Service and funded by a grant from the Environmental Protection Agency (EPA), is working to reduce lead exposure in children ages birth to 5 years by screening water in qualifying schools and childcare facilities.

LEFLORE COUNTY

1155

children served

^There are ~1,467 children enrolled in Leflore County.

343

samples taken

8.7%

of results over 10ppb*

Thirty samples tested over 10ppb.

13

facility sampled

^There are 31 facilities located in Leflore County.

This data was collected between 2021 and 2025.

*10ppb is the proposed EPA action level for lead in drinking water.

^Based on a July 2025 report of licensed childcare facilities in Mississippi from MSDH.
