* Indicates that a variety is a “Promising Variety” and was selected based on excellent yield performance in 2025 with minimal field testing across multiple environments.

Suggestions are based upon overall consistency and yield performance in Mississippi Soybean Official Variety Trials and Soybean On-Farm Variety Demonstration Programs. This list is intended to serve as an additional resource for variety selection. Consult other sources, such as detailed results from official variety trials and demonstration programs for additional information regarding variety performance.

Publication 4166 (POD-12-25)

By **Justin Calhoun**, PhD, Assistant Professor, **Brittany Rhea**, Extension Associate II, **William Paul O'Neal**, Extension Technician, **Paul Garrett Oswalt**, Extension Associate III, **Maddie Douglas**, Graduate Research Assistant, Plant and Soil Sciences, **Brad Burgess**, Director, MAFES Official Variety Trials.
