

Mississippi Tide Tables

SEA GRANT ADVISORY SERVICE

2027

The Mississippi Tide Tables are available online at extension.msstate.edu.

To request printed copies of next year's tide tables, please complete the request form at extension.msstate.edu/tides by September 1, 2027.

Predicted tide times are shown for the Biloxi Bay area. You may compute tide times for other points listed by subtracting or adding hours and minutes as indicated. A minus time indicates an earlier tide and a plus time a later tide. Tide times are shown in central daylight saving time from 2 a.m. March 14, 2027, to 2 a.m. November 7, 2027. The other months are computed in central standard time. If Congress changes the enactment or termination date of daylight saving time, tide will change 1 hour earlier than the time computed for this period.

Changes in winds and barometric conditions cause variations in sea level from day to day. Winds blowing toward shore or low barometric pressure will cause the heights of both high and low tides to be higher than predicted.

In this area, height predictions are calculated from mean lower low water charts. These are the average low tide readings.

SEA GRANT ADVISORY SERVICE

Sea Grant is a program of research, education, and advisory service dedicated to the optimum development, utilization, and conservation of our marine resources. The advisory service's responsibility is to disseminate marine information to those who would benefit from this knowledge. Informational publications are used extensively in this endeavor. We trust the information in this publication will contribute to your knowledge and enjoyment of our marine recreational resources.

Sea Grant Advisory Service personnel are located in Biloxi at 1815 Popp's Ferry Road. For assistance, visit the office or call (228) 388-4710.
