

## Hemp Plant Disease Sample Submission Guidelines

1. The Mississippi Plant Diagnostic Lab will only accept hemp samples from plants grown within the state of Mississippi.
2. **All sample submissions must be accompanied by a copy of the grower's USDA hemp license/registration document.\***
3. All sample submissions should include a copy of the MSU-ES Plant Disease Sample Submission Form which is available online at <https://extension.msstate.edu/lab>, from your county Extension office, or by contacting the Plant Diagnostic Lab Directly.

4. Samples should be mailed via U.S. Postal Service to

Extension Plant Diagnostic Lab

Box 9612

Mississippi State, MS 39762

Sample also can be delivered to the lab in person, but must come with a copy of the grower's USDA hemp license.

\*The Plant Diagnostic Lab reserves the right to refuse service and destroy all samples that do not come with a copy of the grower's USDA hemp license.
