Using WeTransfer to Submit Your Video

Web Browser:

Just go to wetransfer.com

Click on the + sign and add the files you want to send.

Type in the email address of the person you're sending the files to.

Now type in your own email address.

Write a short message

Then simply hit the transfer button and you're done.

Click on the option button to change the the way you send transfers
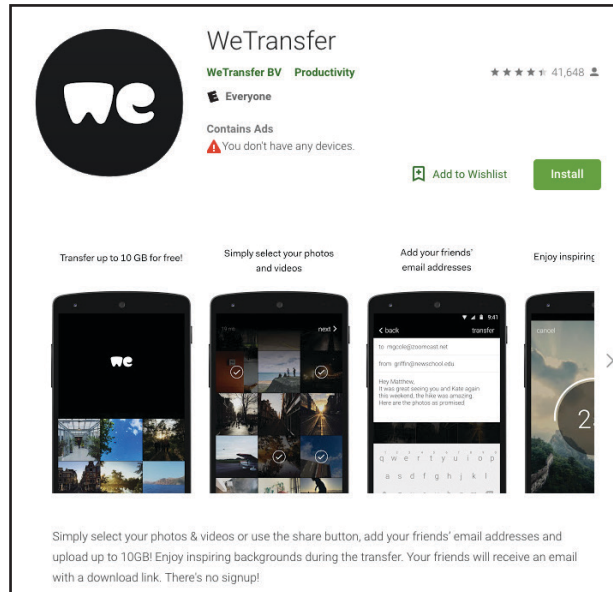

1. Go to wetransfer.com using your preferred Internet browser.

2. Click on the '+' sign to add your video file and your release form.

3. Type in b.sparks@msstate.edu as the email address to send the files to.

4. Type in your email address (you will receive a confirmation email when your files have been sent and when they have been downloaded).

5. In the 'Message' box, type your name, 4-H Club, age group, and entry title.

6. Click the 'Transfer' button to send your video and release form, which will complete your submission.
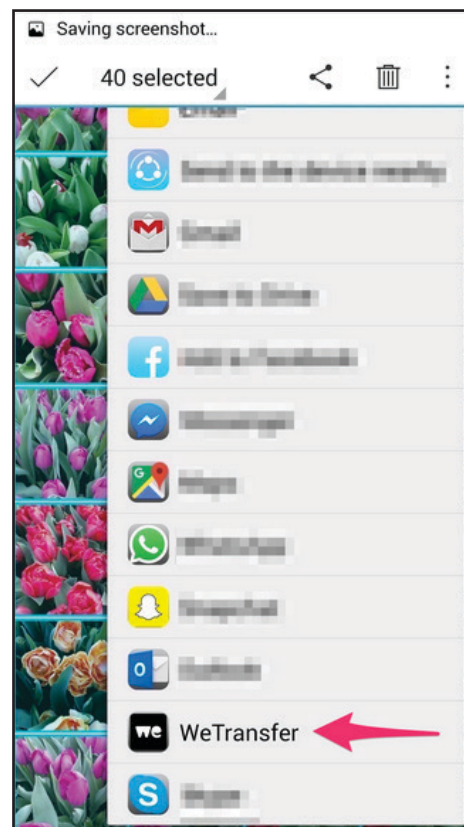

Android Phone App:

To submit your video and release form from an Android phone, you will first need to download the free WeTransfer app from the Google Play store.

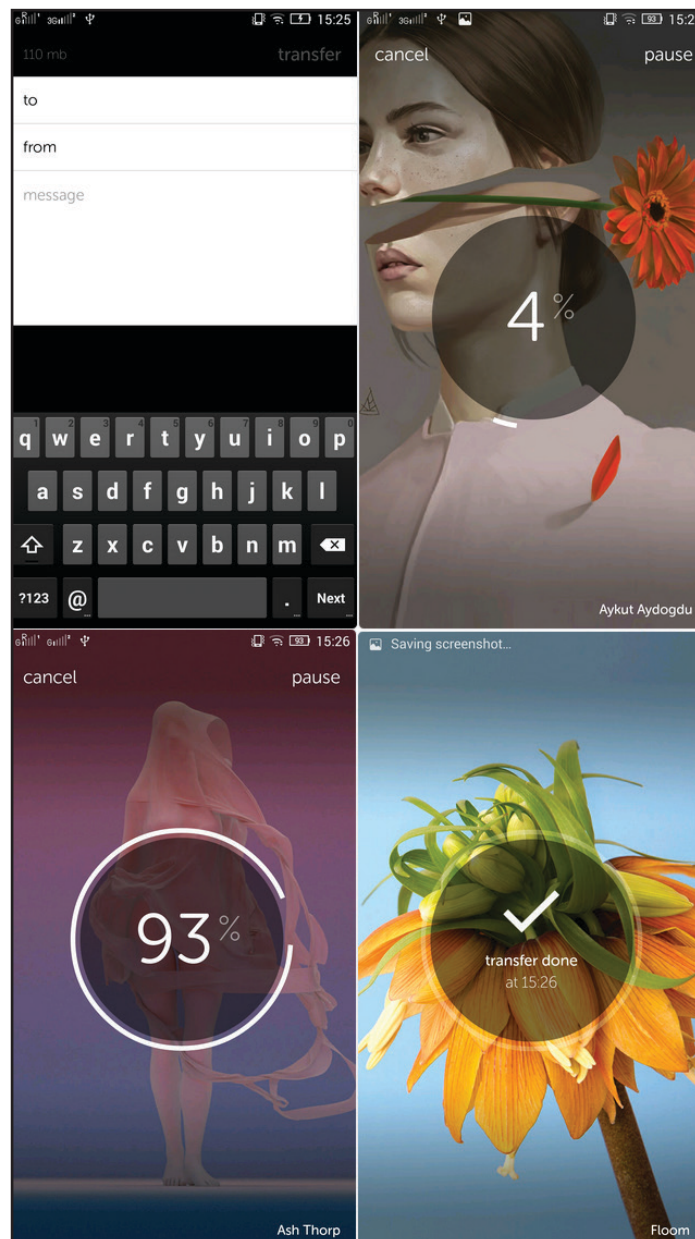

1. Tap the video file and picture of your release form; choose 'share' and select the WeTransfer application in the sharing options.
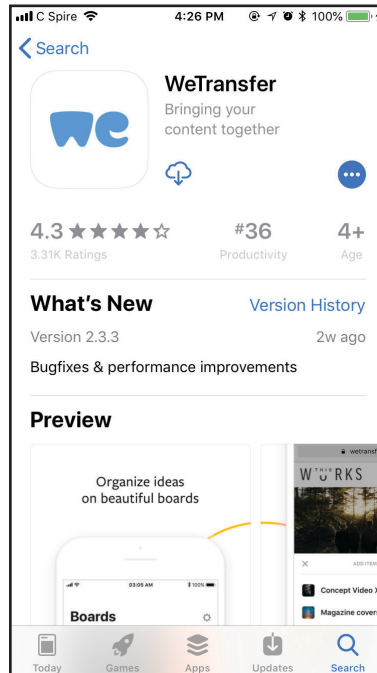

2. The WeTransfer app will automatically open and allow you to fill out the email address of the recipient (b.sparks@msstate.edu).

3. Type in your email address (you will receive a confirmation email when your files have been sent and when they have been downloaded).

4. In the 'Message' box, type your name, 4-H Club, age group, and entry title.

5. Tap 'Transfer' to start the upload of your video and release form, which will complete your submission.
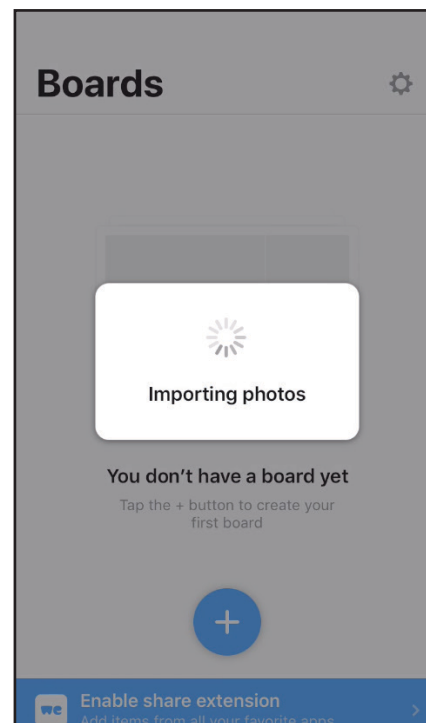

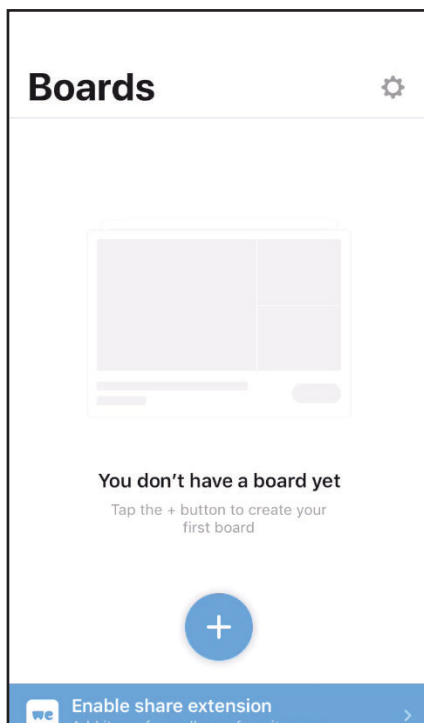

iOS Phone App:

To submit your video and release form from an iPhone, you will need to download the free iOS app from the App Store. You will not be able to use the Safari Internet browser from your phone.

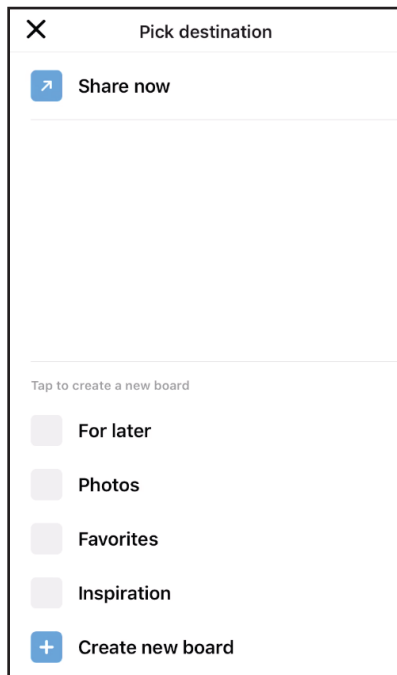

1. Open the WeTransfer app. Tap on the blue '+' button on the bottom of the screen; then choose how you want to add your video and release form (Photos or Videos, Camera, Files, etc.). Select the files and tap on Next.
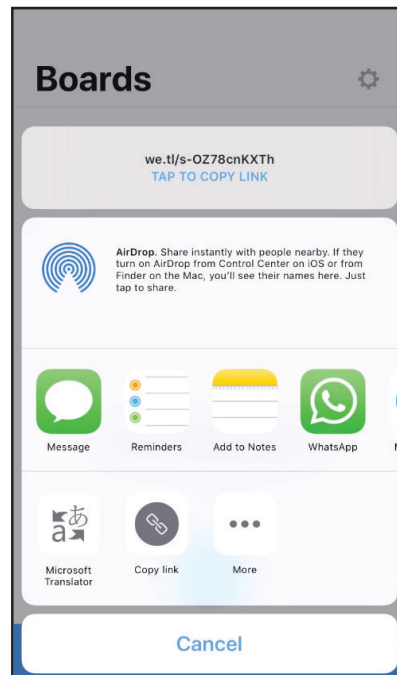

2. Tap on 'Share now.'

3. This will create a link. Tap on 'Tap to Copy Link'.

4. You will email this link to b.sparks@msstate.edu from your iPhone. You can use the Mail app, if you have it set up with your email address, or the email app of your choice.
