2021 DELTA AG EXPO UPDATE

In lieu of the virtual Delta Ag Expo, the MSU Row Crops Team are releasing virtual educational programs to provide producers with information as they prepare for the upcoming growing season.

Continuing Education Units (CEUs) will be available for Certified Crop Advisors (CCAs) who participate. There will be a CCA sign-in sheet containing a QR code which you can scan at the end of the program to receive credit.

Presentations will be posted to the Mississippi Crop Situation website at

<https://www.mississippi-crops.com/>

A current list of presentations that have been released can be found at

www.deltaagexpo.com

Please check periodically for the release of new programs.

We appreciate your understanding and look forward to seeing you in-person next January 2022.

PRIVATE APPLICATOR TRAINING

The Bolivar County Extension Office will be offering two in-person private applicator trainings this month. The trainings will be offered on **Thursday, March 18, 2021 at 1:00 p.m.** and **Thursday, March 25, 2021 at 9:00 a.m.**

Location: Bolivar County Ag Center (Milton and Clarence Smith Building) Auditorium. 406 North Martin Luther King Dr. Cleveland, MS 38732

Due to Covid-19 **limited seats** are available. Please call the Bolivar County Extension Office at **662-843-8361** to **RESERVE** your spot.

Cost for this training is **\$20.00** per person. Check is the preferred method of payment. Please make your check payable to MSU-ES

406 NORTH MARTIN LUTHER KING DR, CLEVELAND, MS 38732

Online private applicator training is also available for those who are unable to participate or would prefer not to attend in-person.

Visit <http://msuext.ms/agmes> to register.

IRRIGATION SYSTEM SURVEY

Dr. Drew Gholson, Extension Irrigation Specialist at MSU is working with several other states to conduct a survey to help guide research and extension efforts to better serve farmers on water management in furrow/surface irrigated systems.

This survey does NOT ask or record any private or personal identifier information. NO individual response will be shared. Your responses will remain anonymous. The survey is 21 questions in length and will take an estimated 15 minutes to complete.

The survey can be accessed at the link below

https://okstate.az1.qualtrics.com/jfe/form/SV_bKkAyIDYCzXqKWN

The QR code below can also be used to access the survey

Thank you in advance for participating in this important survey!

We appreciate your assistance in gathering valuable information to help guide researchers, extension specialists, and county agents and advisors at land-grant universities in designing and developing future educational and outreach projects to better serve farmers on water management in flood irrigation systems.

If you have any questions about the survey, please contact

Dr. Drew Gholson
