

4-H Robotics teaches kids the life skills they need to succeed in today's digital world.

ROBOTICS REVOLUTION

EXTENSION

Hands-on learning experiences in **building** and **programming robots** teach kids of all ages important skills in **science, technology, engineering, and math (STEM)**.

4-H Robotics Meetings

Junior 4-H'ers • ages 8–13

Explore the possibilities!

- For beginners or experienced robot builders.
- Program Lego Mindstorms NXT or EV3 robots to complete tasks.
- Learn teamwork, compromise, and communication skills.

Our goal is to have fun—hands-on, friendship-making, confidence-building fun!
