

The SipSafe program, conducted by the Mississippi State University Extension Service and funded by a grant from the Environmental Protection Agency (EPA), is working to reduce lead exposure in children ages birth to 5 years by screening water in qualifying schools and childcare facilities.

PIKE COUNTY

30

children served

^There are ~1,474 children enrolled in Pike County.

6

samples taken

16.7%

of results over 10ppb*

One sample tested over 10ppb.

1

facility sampled

^There are 30 facilities located in Pike County.

This data was collected between 2021 and 2024.

*10ppb is the proposed EPA action level for lead in drinking water.

^Based on January 2025 report of licensed childcare facilities in Mississippi from MSDH.
