The Economic Contribution
of Forestry and Forest Products

Greene County

EMPLOYMENT AND INCOME IMPACTS

Forest-related economic activity in Greene County during 2013 generated 335 jobs and over \$15 million in income. That's about 8.6% of jobs and 12.9% of income in the county. Employment is the number of full- and part-time jobs in all sectors of the economy. Income is salaries and wages paid to employees.

TOTAL OUTPUT AND VALUE ADDED IMPACTS

Forestry and the forest products industry generated more than \$34 million, or about 10.2% of economic output, in Greene County. Forest-related value added amounted to more than \$18.2 million, or about 9.6% of all value added in the county. The value of all goods and services produced is defined as total output. Value added is a portion of total output and represents the creation of new wealth.

TAX IMPACTS

Forest-related economic activity contributed an estimated \$4.4 million in tax revenue for federal, state, and local governments. This total includes tax revenue of \$2.8 million for federal and \$1.6 million for state and local governments.

Estimates developed using IMPLAN® software and data.
