Data Key

It is important to note that populations in the congressional districts defined by the 2010 Census cannot be compared to populations in the congressional districts defined by the 2020 Census due to geographic differences in the individual census blocks.

Data for 2010 are obtained from the 2010 Census of Population — (<https://www.data.census.gov>)

Data for 2020 are obtained from the 2020 Census Redistricting Data — (<https://www.census.gov/programs-surveys/decennial-census/about/rdo/summary-files.html>)
