## Veterans as Percentage of Total Population

This graph depicts veterans as a percentage of the total population by the state/county of residence. Data were obtained from the National Center for Veterans Analysis and Statistics, U.S. Department of Veterans Affairs.

## Veteran Population Growth Index (2010=Base Year)

This graph depicts the growth of the veteran population as an index where the year 2012=100 by the state/county of residence. To calculate the index, each succeeding year's veteran population was divided by the 2012 veteran population. An index value above 1.0 indicates that the veteran population is growing; an index below 1.0 indicates that the veteran population is declining. Data were obtained from the National Center for Veterans Analysis and Statistics, U.S. Department of Veterans Affairs.

## Total Expenditures per Veteran

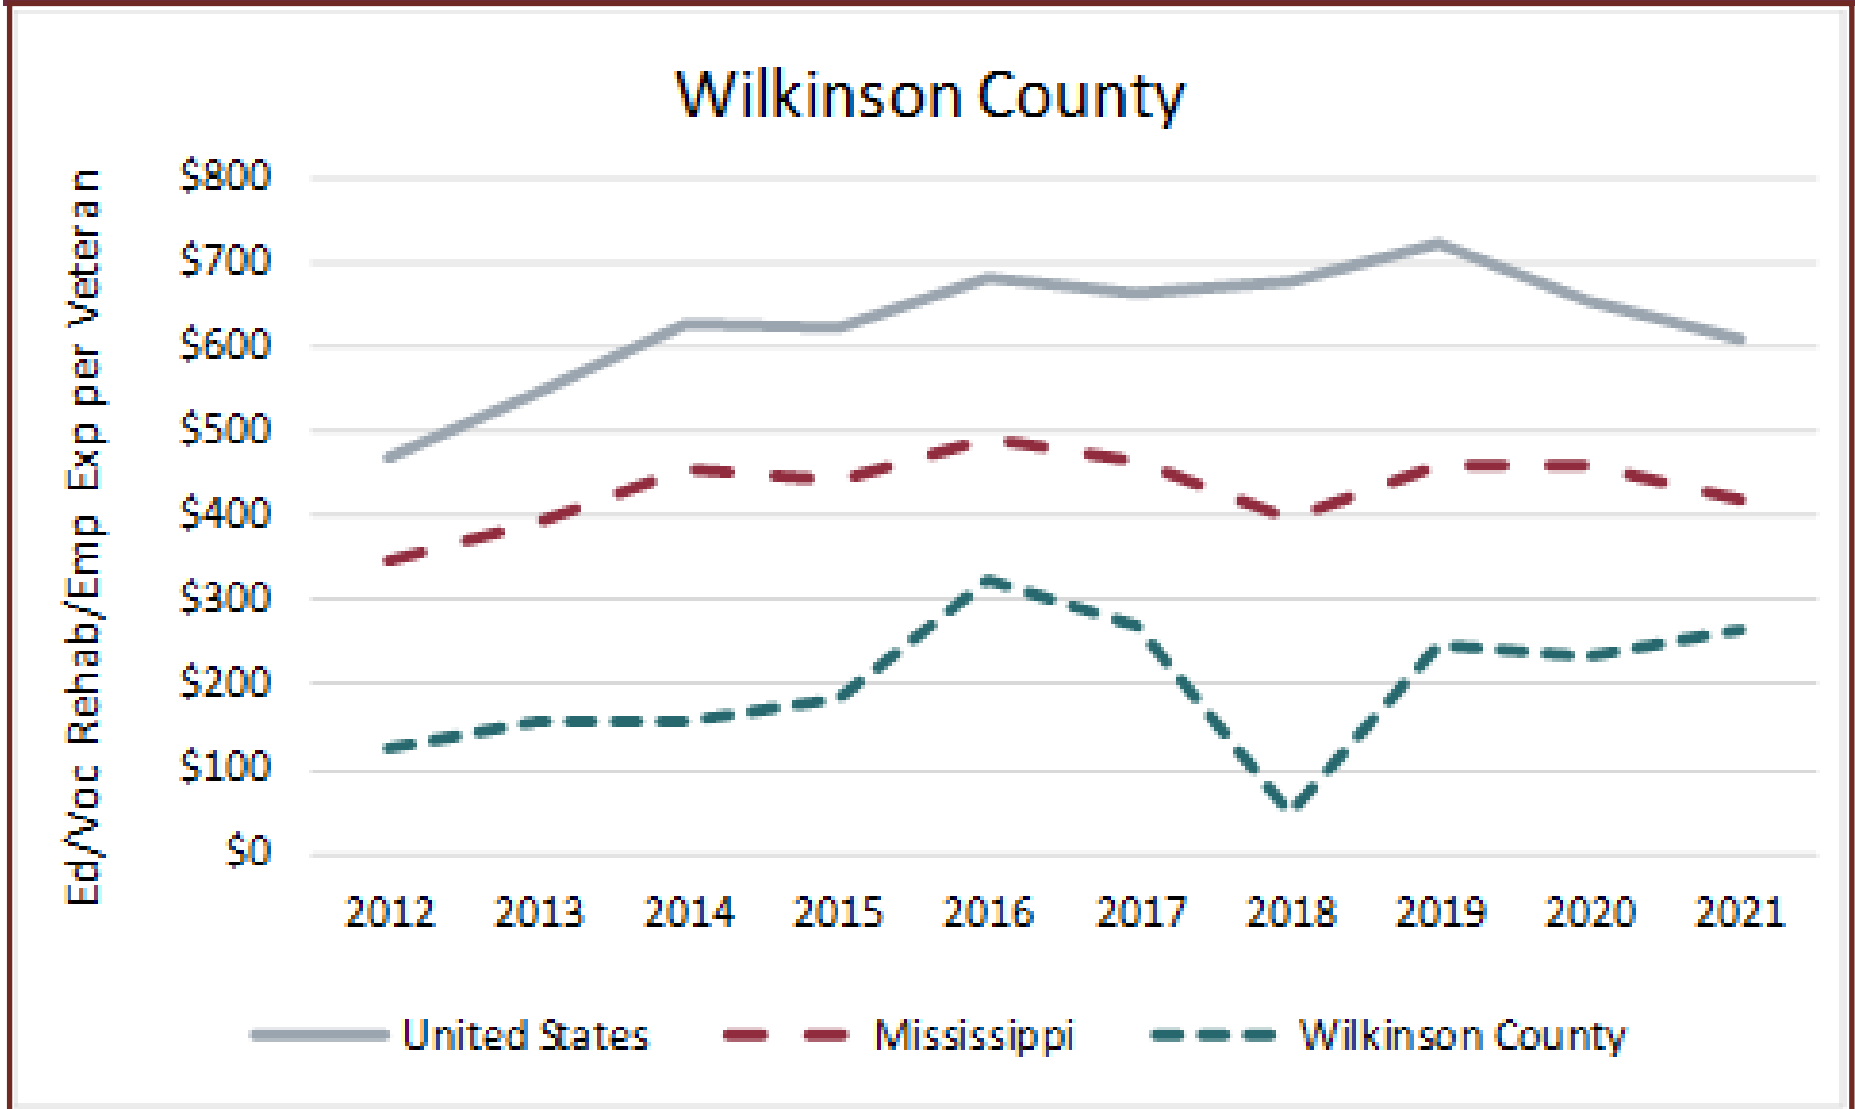

This graph depicts the average (mean) level of total expenditures per veteran by the state/county of residence. Categories included in Total Expenditures include *Compensation and Pension*; *Education and Vocational Rehabilitation and Employment*; *Insurance and Indemnities*; *Construction and Related Costs*; *General Operating Expenses*; *Loan Guaranty*; and *Medical Expenditures*. Data were obtained from the National Center for Veterans Analysis and Statistics, U.S. Department of Veterans Affairs.

## Compensation/Pension Expenditures per Veteran

This graph depicts the average (mean) level of compensation and pension expenditures per veteran by the state/county of residence. This includes expenditures for compensation payments, pension payments, Dependency and Indemnity Compensation, and burial allowances. Most expenditures in this category reflect monthly payments to individuals. Data were obtained from the National Center for Veterans Analysis and Statistics, U.S. Department of Veterans Affairs.

## Education, Vocational Rehabilitation, and Employment Expenditures per Veteran

This graph depicts the average (mean) level of education, vocational rehabilitation, and employment expenditures per veteran by the state/county of residence. This includes expenditures for auto & adaptive equipment, specially adapted housing, *Chapter 35, Chapter 31, Chapter 32, Chapter 1606, Chapter 1607, Chapter 30, and Chapter 33* (these chapters are enumerated in the Data Key at the end of the publication). Data were obtained from the National Center for Veterans Analysis and Statistics, U.S. Department of Veterans Affairs.

## Medical Patients as Percentage of Veteran Population

This graph depicts the percentage of unique medical patients as a percentage of the total veteran population by the state/county of residence. Data were obtained from the National Center for Veterans Analysis and Statistics, U.S. Department of Veterans Affairs.

## Medical Expenditures per Medical Patient

This graph depicts the average (mean) level of medical expenditures per unique medical patient by the state/county of residence. This includes expenditures for medical care, *General Post Fund*, medical and prosthetic research, miscellaneous accounts, and *Choice Act* funds. Data were obtained from the National Center for Veterans Analysis and Statistics, U.S. Department of Veterans Affairs.
