

Agricultural & Natural Resource Professional Training

FEBRUARY 19TH • STONEVILLE, MS SUSTAINABILITY TRAINING IN AGRICULTURAL SYSTEMS (STARS) AND RESEARCH AND EDUCATION TO ADVANCE CONSERVATION & HABITAT (REACH)

The training will provide continuing education to ANR professionals on conservation issues and solutions to support Mississippi landowner goals of production, recreation, and stewardship. Prior participation in STARS or REACH workshops is not required, and new content will be provided for previous participants. Field experience will bring course content to life.

Online registration is available through the Extension intranet.

Funding for this workshop is provided by a grant from the USDA Natural Resources Conservation Service.
